THE LAKE VIEW HOTEL

The special charm and the cozy mood of Cefalù will make you feel as a true florentine in Florence.

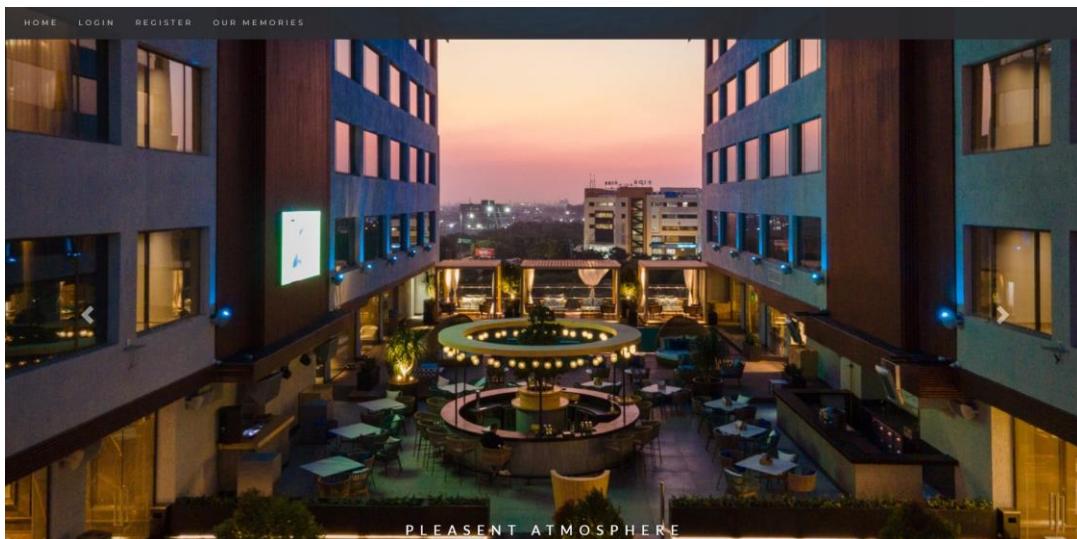

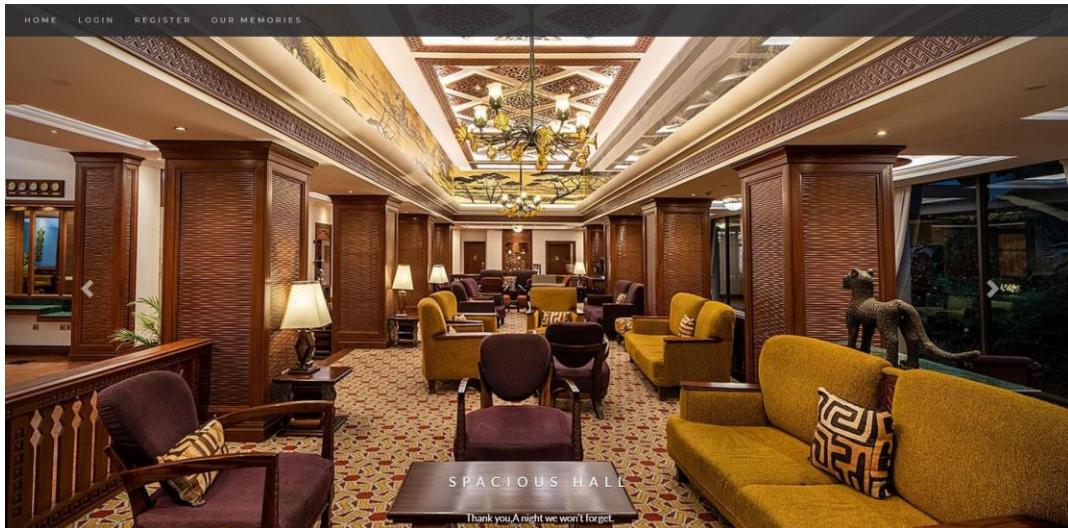

Hotel Cefalù is located in the heart of the historic center of Florence in an extremely characteristic, quiet and lively area within short walk distance to all sites and is surrounded by the extraordinary beauty of churches, buildings, shops and monuments. Cefalù Hotel is part of a longingly restored 1880 palace. On entering this charming hotel in Florence, you will immediately sense its special intimate atmosphere that makes you feel like being in your own foreseen home. Each detail has been passionately chosen and each room deserves a visit. Hotel Cefalù style mixes valuable antique and original artworks with an unexpected eclectic contemporary twist. The entire House recalls the ancient "Pearl" of times past where young European aristocrats lived while discovering the beauty and the artistic masterpieces of Italy.

❖ Allotting Room cleaning Workers

When clicked on this the Admin will be redirected to a page having the information of rooms booked with room number, room image, date of bookings

NOTE: Admin will be only able to view the workers only allotted for that category selected

The screenshot shows a web-based hotel management system interface. At the top, there's a navigation bar with links: Home, Add Rooms, Room List, Bookings & Allotment, Available Rooms, Add Food, View Food, and Workers. On the far right of the same bar are links for Registered complaints, User Review, and Logout. Below the navigation bar, the main content area has a title "ALLOC CLEANING WORKERS". The page displays a table with five rows, each representing a room booking. Each row contains a small thumbnail image of a room, the room number (R001, R004, R004, R006, R003), the booking date, and an "ALLOT" button next to a dropdown menu. The dropdown menu for the first row (R001) is open, showing four options: "select one", "w2@gmail.com", "w3@gmail.com", and "w11@gmail.com". At the bottom of the page, there's a dark footer bar with social media icons for Facebook, Instagram, YouTube, Pinterest, Twitter, and LinkedIn, along with the text "Find Us On".

This screenshot is from the same "ALLOC CLEANING WORKERS" page as the previous one. It shows the same five room entries with their respective details and allotment buttons. The difference is that the dropdown menu for the first room (R001) is now closed, displaying only the "select one" option. The other four rooms (R004, R004, R006, R003) still have their dropdown menus open, showing the same four worker email options as in the previous screenshot. The rest of the page, including the navigation bar, title, and footer, remains identical.

When we allot a worker for a particular booked room, the room gets removed from the table as allotment is completed

Here allotting for R003. The data will get updated in the database and the worker allotted will be entered in the database. after the updating the room number R003 will be removed from table to allot workers

The screenshot shows a table titled "ALLOC CLEANING WORKERS". It has three columns: "ROOM DETAILS", "DATE", and "ALLOT". The "ROOM DETAILS" column contains room numbers R001, R004, R004, and R006, each with a small thumbnail icon. The "DATE" column shows timestamps. The "ALLOT" column contains dropdown menus and "ALLOT" buttons. The background of the entire page is black.
